

30,000 EXPECTED AT FOLEY'S PICNIC

Second District Leader Makes Great Preparations for Entertaining Women and Children Next Friday.

VAUDEVILLE, TRAPEZE
AND BIG BABY SHOW.

Senator Riordan Will Act as Judge of Contest, and Namesake Al Smith Offers \$20 Prize to Prettiest Child.

Tom Foley's third annual picnic for the women and children of the Second Assembly District will be held at Sumner's Harlem River Park Friday afternoon and evening. Preparations have been made to entertain more than 30,000 persons.

Leader Foley will spare no expense in giving the women and children a good time. There will be a continuous vaudeville entertainment, Punch and Judy shows, free swings and merry-go-rounds and photographers who will take the pictures of happy families and ardent sweethearts.

There will be ice cream, lemonade, cakes and candies in abundance. As a matter of precaution a physician will be on hand. An attraction will be the acrobatic performances on trapeze and flying rings high in the air above the crowd.

A new feature at the picnic this year will be the baby show. The generous leader has upon the request of his many female friends offered a handsome prize for the prettiest baby among his constituents. Alderman Michael Stapleton and Lawyer John Hoyer will act as judges in this contest.

Senator Riordan the Judge. To Senator Dan Riordan will be given the job to decide which among the seven namesakes of the popular leader is the handsomest. All the contestants in this novel exhibition are less than three years old and are sons of admirers of "Big Tom." All will be at the picnic dressed in their finest.

This array of babies will prove very interesting. For instance, there's a wee bit of a Chinese baby—a full-blooded one at that—named after the big leader. He is a son of Tom Lee, the Mayor of Chinatown, and is as pretty as a picture. Sam Ellenbogen, City Marshal for Foley's district, will exhibit his son, Thomas Foley Ellenbogen. Dan Valenti, who handles the Italian vote for Foley, will have his grandson, Thomas Foley Valenti, in line. The others will be Thomas Foley Dugan, Thomas Foley Schmidt, Thomas Foley Dimititski and Thomas Foley Washington, colored.

\$20 Prize for Prettiest Baby. Assemblyman Al Smith has offered a prize of \$20 to the prettiest of these seven youngsters, and Justice Zeller, of the Special Sessions Court, will present the prize to the happy mother.

There will be dancing galore, for Penney's Eighth Regiment Band and Prof. Davis's string band have been engaged to supply the music.

All of the Tammany Hall leaders in Greater New York, including the chief mogul, Charles F. Murphy, have accepted invitations to the picnic. Besides these there will be State Senators, Judges, Assemblymen and even District Attorney Jerome and a number of his staff.

50 HELLO GIRLS FLIRTED TOO MUCH

So the Cincinnati Telephone Company Manager Set a Trap for the Young Women and They Lost Their Jobs.

CINCINNATI, Aug. 31.—Fifty Cincinnati hello girls were discharged yesterday for flirting over the wires. They fell into a trap laid by the management, and did not know why they had been summarily discharged until they began to compare notes. Nearly all of them recalled that for some time past a strange voice has been calling up from various parts of the city, and a conversation something like this would result:

"Hello, sister! Oh, what a sweet voice you have!" The man would then give the name of some prominent merchant or politician, and in nine cases out of ten the unsuspecting hello girl would respond to the flattery. To-morrow new rules will be issued, and they will be severe against flirtation over the phone.

BAITED EEL WITH KEY RING.

Fisherman's Ingenuity Rewarded After Much Metal Is Swallowed.

Catching eels on a keyring is the latest experiment of Mark Henyan, of Butler, N. J.

Mr. Henyan was strolling along the banks of the lead mill brook Monday morning in search of frogs to tempt the wily bass at Loony Pond when he saw a large eel between rocks close under the bank. Henyan's mouth at once watered for the eel, but he had neither hook nor line.

A happy thought came to him. He produced a keyring, attached to a short guard chain, and securing a few small worms, he twisted them in the keyring in a tempting manner and dropped the bait, keys and all, in front of the eel. In a short time the fish had swallowed the worms, ring, keys and about four inches of the chain.

Henyan landed his game, which weighed five pounds.

WILL BUILD A HOTEL WITH FUNDS EARNED IN BURNT CORK.

NICOLL SISTERS TO BUILD HOTEL

Clever Black-Face Comedienne Will Erect Summer Hostelry at Greenport, L. I., and Open It in May.

Burnt cork will build a new hotel at Greenport, L. I., next spring. The hotel will be built by the Nicoll Sisters, who will appear at Hammerstein's Victoria Theatre, which reopens as a vaudeville house on Sept. 5. The Nicoll Sisters are famous in the "continuous houses" throughout the United States for their clever black-face specialty, and they have saved enough money out of their earnings to carry on the project of owning a summer hotel, which has been their "castle in Spain" for years.

Greenport is the summer home of these clever girls. They own a number of cottages there, including their own ten-room bungalow. It is hoped by the young women that their hotel will be in readiness for occupancy by May 1 next. They purpose to make it first-class in every respect and will carry out their own ideas in regard to the furnishing. Instead of the usual furniture to be found in many summer boarding places, they will equip the place with wicker chairs, cover the floors with matting and hang dainty muslin curtains from every window.

SETTLEMENT SAVES WOMAN'S JEWELS

Mrs. Sarah H. Peckham Averts Having Safety Deposit Box Legally Opened by Paying Her Creditors in Chicago.

Mrs. Sarah H. Peckham, wife of a wealthy Chicago contractor, and who lives at the Hoffman House, has prevented the putting into operation of an order for the opening of a safety deposit box in the vaults of the Lincoln Trust Company said to contain jewels and securities valued at \$75,000 by settling with her creditors.

Mrs. Peckham formerly was the president of the De Fave Company, dealing in millinery, in Chicago. She was then the wife of John Fay, but after a divorce was married to Frederick A. Peckham. She came to this city and started a large mail-order millinery business.

Lesser Brothers, in behalf of Chicago creditors, filed an involuntary petition in bankruptcy against her. Mr. Hamlin was appointed receiver under bonds \$25,000, and an order was issued for the opening of the safety deposit box.

Mrs. Peckham objected, and negotiations toward a settlement were opened. By the terms of the settlement the creditors got their claims paid in full, but will have to pay in full the expenses of the legal proceedings.

Hay Fever Abolished

Relief for This Malady Discovered by Medical Science—Breathe Hyomei.

Among the important additions made to medical science in recent years none is more notable than the positive announcement of a cure for hay fever.

Stomach dosing cannot cure hay fever. A change of climate is the only treatment that has heretofore aborted an attack, and Hyomei, which is breathed through a neat pocket inhaler coming with every outfit, acts upon this principle, giving in your own home a climate like that of the White Mountains or other health resorts.

Exhaustive experiments with Hyomei prove that this treatment will prevent all attacks of hay fever if used two or three weeks before the annual appearance of the disease, and that it may be relied upon if used faithfully after the disease has begun to relieve at once and afford a speedy cure.

In selling Hyomei for the cure of hay fever, Hegenman & Co., 200 Broadway, want all who are subject to this distressing malady to begin its use at once, with the understanding that if it does not give satisfaction the purchase price is to be refunded.
